## About us

Established in 1979, Associated Underwriters is an independent insurance agency providing a wide variety of products to our customers, while representing some of the industry's top carriers. Our goal is to build long term relationships with our customers with providing superior insurance solutions to fit every need.

In addition to being a multi-line insurance agency, Associated Underwriters has partnered with many independent and captive insurance agents throughout the United States placing risks they cannot place on other contracts. Our program helps agents keep their clients in their agency.

Our team of licensed professionals is here to assist you in getting your customers placed, as well as servicing the account through you.

We are looking forward working with you; please do not hesitate to contact our Operations Manager, Sandy Peer, for assistance with your brokerage needs.
